BROKER'S COMMENTS

The Levi Corsair is a classic express cruiser designed by Renato 'Sonny' Levi featuring his famous race-bred deep V-hull. This boat has breath-taking manoeuvrability, soft-riding comfort and fitted, with two Volvo KAD43 diesel engines, a top speed of 45 knots. Below decks the bathroom and the galley are lavishly fitted out with marble surfaces and highly polished black granite as well as rich African walnut joinery work. The attention to detail and understated elegance are a definite trade-mark of the Levi Boat Company. This vessel has just had a full service by a Volvo agent and is very much ready for the season.
